Local Community Network Areas

The Purpose of LCNs

To be the focus for the new Council for community engagement and development, within an ethos of local partnership working, looking to improve outcomes for residents through establishing strong connections between Somerset Council, our communities and our partners.

What LCNs will do

- Be a forum for community voice, engagement and influence
- Be a means for enhancing participation in democracy and local decision making
- They will be discursive and inclusive spaces
- Enhance collaboration by bringing together at a local level, representatives from partner organisations, town, City and parish councils, community groups and residents
- Identify evidence-based community priorities; across economic, social and environmental issues
- Create plans to reflect how the priorities will be addressed
- Identify and secure resource opportunities for local projects

How they will be supported

- We will have 9 Link Officers across the 18 areas
- There will be a web presence for each LCN area
- We are creating bespoke data/information packs for all areas
- There is an LCN Handbook and FAQs on the website
- We will work together to better understand the needs of our communities through discussion and working groups
- Notes will be taken at each meeting along with a record of identified actions

Building LCN Capacity and Engagement

- The role of the Link Officer
- Interim support
- Customer access points
